

BDA_HW1

I generated 2 videos using Yahoo 股市:

1. The first one I click the app, scroll down on homepage, click the search box and type to search for 3013(晟明電).
2. The first one I click the app, click the search box, search for 2330(台積電) and scroll down.

Then use label studio to generate the json file and modified to the specified format.
